## HANCOCK'S XI. v. QUICK'S XI.

All cricket games on Saturday were friendly, but an interesting feature was the match between Mr. H. R. B. Hancock's XI. and the Rev. E. K. Quick's XI. (Shanghai Interport team).

The game will be continued to-day at 10.30 a.m. Hancock's team batted first and were all out for 137 runs. E. W. Hamilton was the highest scorer in the innings, with 42 not out. He hit half a dozen boundaries and a six. Others to reach double figures were Webster (12), Hayward (21) and Ralph (15).

The Interport men began weakly until Balhatchet knocked up 33. Capt. Morris had scored 27 and Stewart, 11, when stumps were drawn.

There was little to choose between the teams in fielding. The number of spectators present was large.

## BOWLS.

## SHANGHAI AT HAPPY VALLEY.

On Saturday afternoon the Shanghai Interport Bowls team played against the Civil Service Cricket Club at Happy Valley, where they lost by 22 to 15.

The visitors changed their team round again Johnstone coming back as No. 1 with Marshall No. 2 and McLeod No. 3. Main again being skip. The Civil Service side was composed of Oswald, I. Smith, Deacon and Mills (skip). Weather conditions were ideal and the green in fine condition, keen and drawing well on both hands. There were not a great many spectators at the beginning but later in the game all the available accommodation for spectators was filled to overflowing despite the many counter attractions.

In the first head both Oswald and Johnstone were lying well just behind the jack; but Smith, the home No. 2, took the jack into the ditch. It looked as if the Civil Service, with their back woods, would score heavily until McLeod laid one just on the edge and claimed the shot.

In the second head a good shot by McLeod lay against the jack; but the visitors had no back woods. Mills took the jack through by driving with his first wood and the home side were lying 5. Main however came to the rescue and drew the shot with a very cleverly played wood. Shanghai 2-0.

Civil Service scored a single on the next head, and in the fourth head a dozen woods were clustered round the jack with Civil Service lying at least two when Mills, in trying to put in a blocker, just touched the jack and gave the visitors a point.

In the fifth head Mills was again unlucky; with his first wood he just touched a Shanghai wood and gave them the shot and with Main in front he could do nothing with his last wood and the visitors went to 4-1.

In the seventh head two very fine draws to the jack by Main brought forth rounds of applause and gave his side two points, the score now being 6-2 in favour of the visitors. In the eighth head Civil Service got four woods right round the jack, Smith being responsible for two beauties. Deacon knocked up another and Mills added a sixth, and the Shanghai No. 3 tried to drive, and just failed while their skip was unlucky with his first and narrow with his last. The home team got 6 and went ahead 9-4.

At the 10th head two balls were lying within an inch of the jack and the latter was moved in measuring a burnt head being the result and the 10th being played again from the other end. This resulted in Shanghai scoring one, making the total 9-7 for Civil Service at the tea interval. At the twelfth head the home side were lying when the skip went up but Main took the jack into the ditch. Mills took one out and the visitors got a brace to make the score 10-9 for Civil Service. In the next head a good last wood by Mills gave his side the shot when it looked as if they were going to lose 3. The home side kept the jack for the next 3 heads scoring 2, a single and another 2 to make them lead by 10-9.

Shanghai broke the spell at the 17th head scoring one as a result of a nice draw by the skip. At the 18th head bowling by Smith laid the foundation for another good two for the home side and they now led 12-10 with 3 heads to go. In the 19th head Marshall trailed the jack to the edge of the ditch, and with two back woods and his touch in the ditch Shanghai lay 3. McLeod came along with two beauties just to the edge of the green to make Shanghai lie 5. Mills drew with his first and was wide, and Main put up a blocker. With his last wood Mills sent a drive with a kick of a mule behind it, and it got the jack. His wood, however, jumped the ditch and climbed the bank behind only to be counted out as a dead wood, and the Shanghai got their five. At the 20th head the home side got 3. Main tried to take the home side into the ditch which would have given his side 4 but got wood on the way and just failed. Civil Service added another single to make their total 22 to the Shanghai score of 15.

Of the home side Smith was best and a great deal of the credit for the victory is due to him. Oswald started badly but improved after tea. Deacon was good and bad by turns but once or twice did some clever things. Mills was beaten on tactics by the visiting skip but luck was on his side especially in the matter of that 6 of the 9th head.

Of the visitors Johnstone held his own with Oswald, Marshall was out played by Smith but played a pinkey game, while McLeod must receive special mention for the number of times he pulled his side out of a hole and for the way he obeyed his skip's instructions.

Main again impressed as a skip and more than once he failed by the proverbial coat of paint.

## INTERPORT BOWLS DINNER.

## SATURDAY'S PLEASANT FUNCTION.

A very happy gathering assembled at the Hongkong Hotel on Saturday evening on the occasion of the Interport Bowls Dinner, held under the auspices of the Hongkong Lawn Bowls Association, in honour of the Shanghai Interport Team.

The arrangements for the function had been ably carried out by the dinner committee, and the management of the hotel carried out the catering in excellent style, providing a very enjoyable feast. The dinner was one of the finest that could be wished for and the speeches were happy, short and to the point. The musical programme was also a very good one and was considerably appreciated by those present.

Altogether about 80 people attended. Mr. D. Gow, President of the Lawn Bowls Association, was in the chair, and he was supported by Messrs. J. Reid, G. M. Shaw, B. W. Bradbury (Vice-President of the Lawn Bowls Association), J. Ferguson (skip of the winning Hongkong team), R. P. Phillips (skip of the Shanghai team), Chief Inspector W. Kent (Chairman of the Lawn Bowls Association), Taylor, J. Watson, and W. Macfarlane (Hon. Secretary of the Lawn Bowls Association), and the following members of the Shanghai team: Messrs. F. L. Marshall, G. Johnson, T. G. Main, A. McLeod and C. A. Pratt. Also present were Inspector J. Ogg and Chief Detective Inspector J. Grant.

## THE FINE MENU.

The menu programme was an excellent example of the printer's art and reflected great credit on the compiler, Mr. V. C. Lahrum, and Ye Oldie Printer, Limited. On the front page appeared the respective flags of the Lawn Bowls Associations of Hongkong and Shanghai in their correct colours, and underneath the inscription "Interport Lawn Bowls Dinner, 1925." The wording of the menu was framed in a novel and original manner, and well deserved the subsequent eulogy of Mr. Main, of Shanghai, who remarked that he had never seen a card got up in a better way.

In view of its originality, we give the wording of the menu below:—

All bowlers on this rink must put down their own name.

## MENU.

Players must be well up for the FRUIT COCKTAILS otherwise it will be impossible to draw the TOMATO CREAM SOUP and it stands to reason that by trailing the jack on to the FISH A LA MEUNIER, you are bound to get a good line for the LAMB CUTLETS AND GREEN PEAS which are a beautiful green. The ROAST TURKEY AND CHAMPAGNE SAUCE will be found a nice draw on either hand, if the PUDDING IS SURPRISE does not have the wrong bias, and there will be the devil to pay if the DEVILED EGGS ON TOAST are not nicely laid. If the DESSERT is skipped, get out the chalk. It will be quite apparent that if the COFFEE is muddy, it is a ditcher. Do not, however, get over the tape, otherwise you may wake up with A SHANGHAI HEAD.

"TAIPANS' CLUB SUGGESTED." Following the honouring of the Royal Toast, Mr. D. Gow submitted the toast of "The Shanghai Lawn Bowls Association." His happy speech was punctuated with much applause.

Mr. Gow said: As President of the Hongkong Lawn Bowls Association I am conscious of the honour and privilege that is mine to-night in presiding over such a representative gathering of bowlers and friends, including our very worthy visitors from Shanghai.

(Continued on next Column).

After the match Mr. A. O. Brown welcomed the visitors and congratulated their sporting uphill play in the various games they had engaged in. He said that most bowlers were agreed that the gods had not been too kind to them and that the results of all the Club matches might easily have been reversed. He thanked them for the weather, they had thanked him for the games and asked Mrs. Maughan, wife of the Club's Hon. Treasurer, to present souvenir spoons to the players. Mr. Main replied and thanked all the bowlers of Hongkong for their hospitality and kindness. He asked Mrs. Maughan to do him the honour of presenting the Civil Service team with Shanghai spoons as souvenirs of a very pleasant afternoon.

THE REMAINING FIXTURES. Yesterday the Shanghai Interport team visited Taikoo, at the invitation of Mr. Brayfield, where a very pleasant time was spent.

The remaining matches arranged for the Shanghai team are as under:— To-day: v. Craigiepower C.C. To-morrow: v. Taikoo Recreation Club. Wednesday: v. Second League, on Police R.C. Green.

Being an Interport Bowls Dinner, the topic of the evening, must naturally be about bowls and bowlers. The game has increased in popularity in this Colony very greatly during the last few years: from 7 clubs that comprised the Association, three or four years ago, there are now 10, and with some of the clubs running two teams we are able to run a 1st and 2nd League.

I would like, however, to see the game taking hold still further and being taken up as a sport by a few who content themselves with giving the Association very helpful and valuable support in the way of prizes, I refer to the heads and leading men of our business firms, or as we term them locally, our "Taipans."

I am sure there are sufficient of them sufficiently keenly interested to form a club and enter the League, and I think their membership would give a further fillip to the game. It isn't a difficult game to play and the gentle exercise is very beneficial in certain directions if one is not, light-headed.

Our old veteran, Willie Russell, described the game as being two for joss and one for skill, so those gentlemen whom I have referred to the need have no hesitation in taking up the game.

Speaking seriously, I hope our Taipans will consider forming such a Club, join the League, and have a green say on the Peak somewhere. It would be a real treat to us "Lowlanders" to have a game in a cooler atmosphere than we have on the low levels.

Speaking of Willie Russell, who is Home at present, recalls an incident with which he was connected when on a former holiday. He was staying at his native place in Wiltshire and entered an all day bowling tournament. He was successful in reaching the final stage against one of the best men and won. On the completion of the game, which ended in semi-darkness, a voice from the clubhouse called for the name of the winner. Russell's opponent who had evidently not taken his defeat kindly thereupon called back, "a d— Chinaman." (Laughter.) We hope our old friend is again showing home bowlers that we can produce as good exponents of the game from this part of the Empire, as they have at Home.

Now Gentlemen, I come to the main and most important of my duties this evening, but before proposing the toast of the Shanghai Lawn Bowls Association, I should like to say how pleased we are to have its representatives with us and to extend to them a very hearty welcome, we hope to them they are enjoying themselves and will continue to do so during the remainder of their stay. No doubt they would enjoy themselves much better had they won the main event, but they have consolation in knowing that the same fate befell all their predecessors. (Laughter.) They were pitted against a very strong combination but made a good fight, luck if anything being against them.

Since the Interport game they have put up two very creditable performances and shown us that they are all skilled players and before their stay is finished I am sure they will give us further exhibitions of the true form of which they are capable.

Wednesday's game, Gentlemen, was the 7th Interport match arranged by the respective associations. The first match in 1914, when Hongkong's big four consisting of Messrs. Gerrard, Bond, Harvey and Russell went to Shanghai was a private venture, and to these gentlemen belongs the honour of being the pioneers of these events. (Applause.) In connection with the visit it will be remembered that on their arrival, Shanghai asked if it was a tug-of-war team that had been sent in mistake. (Laughter.) Each Interport event comes along with increasing interest and it is good that these engagements can always be fulfilled.

Shanghai like ourselves has been passing through a trying time and it was doubtful for a while if the Model Settlement would be able to send a team and we are especially glad that under the circumstances they were able to do so.

These Interport events, be they bowls, football, cricket or any other game do much to foster and strengthen the spirit of friendship and comradeship that should be the aim of us all, more especially in these times when destructive influences are abroad to ruin our businesses and drive us from our homes here. Through these games we let our enemies see that these disturbances do not affect our pleasures and recreation, but in unity and in good spirit we are content to carry on. (Applause.)

Mr. Phillips, on behalf of the Hongkong Lawn Bowls Association I would now like to convey to the members of the Shanghai Lawn Bowls Association our best wishes for its continued success, and our assurance that we will take great care of the "Premiere Cup." It will be sent up to Shanghai next year with a team who will have a return ticket for the cup as well as themselves. We won't have the least objection to paying the insurance policy on it for another year.

Gentlemen, I ask you to honour the toast of continued success to the Shanghai Lawn Bowls Association. (Applause.)

## THANKS TO TAIKOO.

Before he sat down, Mr. Gow said that he wished to take that occasion to thank the Taikoo Recreation Club for staging the Interport match, the arrangements for which all through were perfect. (Hear, hear.) Everything was carried out in a most successful manner, including the laying out of the rink for the game, and reflected the greatest credit on all responsible. He would also like to thank the ladies for their services in serving the tea and also Mr. Russell, who was untiring in his attention. Furthermore, he would like to thank the general public for their presence at the interport match in such large numbers. It was most gratifying to the Committee of the Lawn Bowls Association to see such a large attendance after one or two comments they had heard about the match being fixed for Taikoo. (Applause.)

Mr. R. G. Phillips responding to the toast said on behalf of Shanghai that his first duty was to convey to Hongkong the

fraternal greetings of the Shanghai Lawn Bowls Association, and next to thank them for the most wonderful time they had given the Shanghai players on the bowling green and in the day. (Voice: "And at night"—Laughter.) He had also to thank Hongkong for putting up the best team they had against Shanghai. It was a fine team and he was glad and proud to have met it. After playing with other teams in the Colony since, he did not think it was possible to pick a team to beat it. Although Shanghai scored only eight against twenty-eight the Shanghai players were proud to have met it. (Hear, hear.) When he was in Hongkong last in 1913—and he learned his bowls in Hongkong—hear, hear—they had only four teams here, and now they had thirteen. If the Taipans formed a Club as Mr. Gow suggested, they would have fourteen teams. They had a Taipans Club in Shanghai—and they knew it, for the latter generally collared all the talent for themselves. (Laughter.)

Proceeding, Mr. Phillips said that there was one thing he would like to bring forward and on which there had been some comment in Shanghai—that was that he hardly thought that one match was enough to take away the championship of the Colony or the port. There ought to be three matches on different greens. (Applause.) As a rule they came here or Hongkong travelled to Shanghai wearied by the troubles of travelling and wearied of having to select a team, only six against the strongest rink of the Colony or port. The first match should be played two days after the team arrived at its destination, and the other two matches at intervals of two days each. Mr. Johnson, who was one of their players with them that night, also represented the Lawn Bowls Association of Shanghai, and he would try to force it on him to get his Association to work this oracle. (Hear, hear.) He would leave the subject there, hoping that it would receive favourable consideration by the Hongkong Association as well.

## "DEAR OLD AMAH."

He wished to thank them once again for these happy days spent in Hongkong, and to say they were looking forward to the visit to Taikoo on Sunday. He thanked them also for giving them a dear old amah like Chief Inspector Kent—(laughter)—who had a car at their disposal to take them to the grounds and back to the hotel, besides taking them for various enjoyable runs in the forenoon, and who told them how many drinks they had to have and incidentally had the same number himself. (Laughter.) The good time that he had given them would long live in their memories.

Mr. Phillips continuing said he had now a pleasing and unhappy duty to perform. Much as they regretted to lose it, they had much pleasure in handing over to the Hongkong Lawn Bowls Association one more memento to a fine set of bowlers from a fine Colony.

Mr. Phillips then formally handed over the flag and applause.

He also handed over the Premiere Cup, presented, as he remarked, to the Associations by one of the finest sportsmen China had ever known. He spoke feelingly of the fact that Mr. Prentice was an old friend of his. They in Shanghai would reverence his memory. He (Mr. Prentice) never missed a football or cricket match. He was a dear old fellow, and his memory was perpetuated in this cup. When they won it or lost it, they thought of Mr. Prentice.

Finally, Mr. Phillips presented souvenir spoons to the Hongkong interport team. Concluding his speech, he said on behalf of the Shanghai Lawn Bowls Association that he again thanked the Hongkong Association and assured them they would endeavour to do their best to give them a good game.

## THE H.L.B.A.

The toast of "The Hongkong Lawn Bowls Association" was proposed by Mr. T. G. Main. He remarked that the Shanghai team had been up against a good team selected by the Hongkong Lawn Bowls Association and he was sure that the Association would always put up the best team they could. It had also been a great pleasure to have the ladies of Hongkong appreciate what the visiting team appreciated what they had done for them. Shanghai had been up against some good teams, continued the speaker, ever since they had arrived in the Colony, and he did not think they had met a weak team yet. He had been looking for something ragged, but had not come across it yet. The spirit of the team, however, was that they did not want the Hongkong clubs to give them a game. They wanted to see it fought out. The Shanghai team had gone down at the game of bowls, but they would take back to Shanghai the happiest recollections of the happy times they had spent in Hongkong on this visit.

Mr. E. W. Bradbury responding to the toast, referred to the interport match and expressed the opinion that Shanghai had played very well indeed, considering the surroundings and other handicaps the visitors were bound to have. The ground was one of the biggest studies of the game. He thanked Messrs. Reid and Dyer for their enthusiasm in the game and their generosity in presenting two Shields to the First and Second Divisions of the League. Finally, he asked the Shanghai players to take with them the fraternal good wishes of Hongkong, adding: "May they never be narrow, never on the wrong side, always up, and as often as possible hug the kitty." (Applause.)

## THE GUESTS.

The toast of "The Guests" was submitted by Mr. W. Gerrard, and was ably responded to by Mr. Dowley.

During the evening a programme of songs and recitations was contributed by Messrs. H. E. Gardner, G. McLeod (Hongkong), A. McLeod (Shanghai), R. E. Maughan, R. Hall and Labrum, Mr. F. Mason carrying out the duties of accompanist.

The function was brought to a conclusion at midnight by the singing of "Auld Lang Syne" and the National Anthem.

The weather on Saturday afternoon was ideal for the opening of the second half of the season's racing, under the auspices of the Hongkong Jockey Club. The attendance was a good deal smaller than usual, and the takings at the cash sweeps and totalisators suffered in consequence.

Despite the recent heavy rains, the going was good and the comparatively slow times are to be attributed to most of the candidates being a bit backward. Next meeting should show a decided improvement in this respect.

His Excellency the Governor and a party from Government House arrived in time to witness the third race and remained until the end.

Sir Claud Severn was also among those present, but unfortunately none of the "fruit stable" ran into a place, though Jamba was well backed to win the penultimate event.

By kind permission of Lieut.-Col. R. S. Montague-Bates, C.B., C.M.G., D.S.O., and Officers, the Band of the 1st Bn., The East Surrey Regiment, was present throughout the afternoon and added much to the pleasure of all in the stands, before racing commenced and between each event.

With the exception of Rothsay, form worked out much as anticipated.

In the first event, Grey Streak was a pronounced favourite and from the moment he took the lead at the foot of the hill, he ran his race out gamely to the end. Nugget, who got away badly, also finished gamely, in the hands of Mr. Reidy, and got within 1½ lengths of the winner. The last quarter was covered in 32.5.

In the five furlong race, Arabian Parrot was held at the post. When the flag fell, the mares were alleged to have still "hung on" to the bridge, the result being that the pony was badly left—as was the lady New York. In consequence, the unfortunate starter came in for a good deal of criticism. As regards the Parrot, this criticism was not justified, while in the case of New York, he appears only to have the "kink in his temper" to blame. Be that as it may, Saracen was soon in the van and won as he liked, covering the last quarter in 30.25. On yesterday's performance, other things being equal, I should back Saracen against Arabian Parrot over the 5 furlong course. The Parrot pony was favourite (31½ tickets), Saracen (303), Satisfaction Dahlia (84), New York (50), Langue (40), Solly (40) and Uncle Gusgel (17).

The "A" class 6-furlong race produced a capital finish between Beauty Dahlia (304) and Gyp (216), the latter winning by a neck. The last quarter was run in 32.25. Rothsay, with 362 tickets, was made favourite and battered his supporters until the turn for home.

The Stakes provided Grey Morn with an exercise gallop, the quarters being returned at 32.4-5; 32.1-5; 32.3-5; 32.3-5-2.10.1-5.

The Polo Scurry attracted nine and at the seventh attempt, Col. Hall Brutton got them away to a capital start. The winner was third choice in the betting and won somewhat handsily, with his owner in the saddle.

Saligia, like his stable companion Grey Morn, found little difficulty in disposing of his two opponents in the Theale Plate. The time for the last quarter was 31.4-5. Those who backed Saligia made a profit of 70 cents on each ticket.

For the Beckhampton Handicap "B" class, seven faced the starter: Jamba was installed favourite (401), Uncle Alf (301) being next in demand with Beldorney Star (193) third choice. Quotations for others were: Mowgli (67), Duke of Frisco (13), Teashop (10), Quab (4).

The winner was Beldorney Star (Mr. Reidy), who gained the verdict by a bare half length from Mowgli (Lt.-Col. Thompson). The last named came with a tremendous run at the finish, and it appeared to many that Mr. Brodie was "caught napping." At any rate, he had to shake his mount up to stay off the Challenge. Time for last quarter 32.4-5.

The last event of the day, 1½ miles "A" class, only attracted Uncle Chick (401), Beauty Dahlia (142), King Emperor (150) and Grey Knight (528).

Like Jamba, the last named failed to deserve the confidence of the Colony's leading trainer and finished last but one. King Emperor and Beauty Dahlia set a strong pace, the quarters being covered as follows:—31.1-5; 32.3-5; 31.1-5; 30.1-3; 32.3-5-2.10.1-5.

When once Mr. Doyle sent Uncle Chick to the front, however, he came away to win handsily by two lengths and credited his new owner with a victory at the first attempt. Mr. Relyon keeps a big string in training and no one will begrudge him the victory, the more especially as he is always ready to give a "novice" a leg-up when opportunity offers.

Beldorney Star ..... 13.0 156  
Uncle Alf ..... 13.1 151

It is unlikely that more than the following will start: Grey Morn (Lt.-Col. Thompson), Grey Knight (Mr. Pollock) and Uncle Alf (Mr. Reidy). The presence of Grey Morn and more attractive events on the programme are nearly certain to keep other ponies away. Grey Morn is bound to win and Uncle Alf may possibly make Grey Knight gallop to earn second money.

The first race, the Novices Handicap, may attract: Duke of Frisco (Mr. Goodfellow), Two Pairs (Mr. da Roza), Mowgli (Capt. Hall), Uncle Albert (Mr. Reidy), Loch Rannoch (Mr. Stanton), Beldorney Star (Mr. Nemaze), Teashop (Mr. Logan), Solly (Mr. Saker), Satisfaction Dahlia (Mr. A. J. Ocker).

If Mr. Stanton can hold Loch Rannoch in the earlier stages of the race, he will stand a chance second to none. The most danger may be expected from Uncle Albert and Beldorney Star.

For the Ormonds Handicap, only three are expected to go to the post—Uncle Chick (Mr. Reidy), Beauty Dahlia (Mr. Davies), Jamba (Mr. Pollock).

Despite his 5 lb. penalty, I expect Uncle Chick will prove too fast for the other two.

For the Letcombe Stakes (5 furlongs), the field may consist of Dictator Dahlia or Gyp (Mr. Brodie), Nugget (Mr. Reidy), Uncle Tam (Capt. Hall), Hailsham (Lt.-Col. Thompson), Quab (Mr. Stanton).

If it is decided to send Uncle Albert here and advantage is taken of the Jockey allowance, he will go very close. In his absence, Mr. Bagram's selected should win.

The probable starters for the Faddock Plate are: King Emperor (Mr. Brodie), Blotting Paper (Lt.-Col. Thompson), Rothsay (Mr. Pollock), Arabian Parrot (Mr. da Roza), Gypsy Love (Mr. Davies).

The last named holds the record for this distance, but as he is not the pony he was in the Spring, I fancy both Arabian Parrot and Gypsy Love will beat him.

The penultimate event, the Manton Plate, should attract Saligia (Mr. Pollock), Valiant (Lt.-Col. Thompson), Saracen (Mr. Davies), Persian Parrot (Mr. da Roza).

What beats Saligia will win and possibly Saracen may do so.

The last event is a 6-furlong race for non-winners. This will probably fall to one of Mr. Bagram's candidates.

## NEWS FROM CANTON.

PASSENGERS FOR HONGKONG.  
JAPANESE MOTOR LAUNCHES  
WARNED AGAINST ASSISTING.

[FROM OUR CHINESE CORRESPONDENT.]

Friends in Shanghai of Hsiung Keh Wu, the head of the Szechuan mercenaries in Canton who was recently arrested by the Reds on a charge of treason to the Kuomintang, have wired to Chiang Kai Shek and Wang Ching, who petitioning for his release. Hsiung's execution, reported by the *Tai Kung Pao*, has not yet been officially announced. Reports from Northern Kwangtung, where some of the Szechuan mercenaries are stationed, have it that many of Hsiung's men have now intimated against the Kuomintang.

## HONGKONG PASSENGERS.

Japanese hotels in Canton, which have been conveying Chinese travellers for or from Hongkong to the *s.s. Hunan* and *Fatshan* in their motor-launches, are being warned against continuing this practice. Until further orders from the Strike Committee in Canton, no more permits will be issued by the pickets for persons desiring to travel from Canton to Hongkong by British steamers.

## CAPITAL TAX.

The Strike Committee enforcing the foreign boycott in Canton have appointed altogether more than 40 agents to go into the inland towns of Kwangtung Province to collect funds for the maintenance of the boycott and support of the strikers. The Kuomintang Government has authorized the collection of one per cent. capital tax from every person owning property worth \$300 or more. Several magistrates in districts under Bolshevik control are also appointing deputies to assist the Strike Committee in collecting the tax.

## STRIKE PICKETS KILLED.

## CANTON-SHANGHAI PASSENGER.

[BY A CHINESE CORRESPONDENT.]

According to a report received by the Hongkong Labour Maintenance Association it is stated that the strike pickets stationed at Wanchai, near Chin Shan in Chinese territory and opposite Macao, have been on bad terms with the village volunteers lately. The reason is said to be that until recently not only were the villagers not permitted to go to Macao, but any property in the possession of persons attempting to cross the border was confiscated. Communication between Heungshan district and Macao was thus cut off. Although repeated requests had been made by the villagers for certain concessions in the case of *bona fide* travelling merchants, the strike pickets took no notice and continued to molest the people. This aroused the anger of the volunteers, and the other day in the absence of Government troops two of the strike pickets were killed. Further trouble is expected.

## BANKNOTES REFUSED.

During the last few days the banknotes issued by the Provincial Bank of Kwangtung, a Government Bank, have been refused for payments in business circles in Canton. Even in normal times these banknotes were not accepted with much confidence, owing to the number issued and if they were accepted the merchants immediately presented them at the Bank to be changed for silver. The Mid-autumn Festival, the funeral of Liu Chung Hoi, and Sunday fell on the 2nd, 3rd and 4th instants which were observed as public holidays, and the Provincial Bank closed for the transaction of business on these dates. Owing to the uncertainty of the present political situation and the lack of good faith shown by former Government banks, the people during these three days were unwilling to accept the banknotes and as a consequence the Bank was hard hit. It is anticipated, however, that their circulation will be restored soon and acceptance of the notes made compulsory.

## PASSENGER BOAT CONFISCATED.

Two days ago a three-masted junk with a load of passengers was arrested at Mau Chai, Tai Ping, near the Bocca Tigris by the 18th Platoon of the Strike Force. The junk was at once towed back to Canton. At an enquiry held by the Strike Committee by a special tribunal in the Police Headquarters it was found that the passengers were going for Hongkong. It was decided to detain all the passengers for three weeks and to confiscate the junk, which was later handed over to the Government.

## RUSSIAN PASSENGER BOATS.

It is reported that a notice has been issued by the Canton Office of the Russian Volunteer Fleet that a passenger service between Canton and Shanghai has been inaugurated. The fare charged for a first class passenger is \$30 for a single trip and \$150 return. Cabin class single trip \$20 and return trip \$100. Second class single trip \$15, return \$80. Servants are charged \$8 per single trip and \$14 for the return trip.

## RUSSIAN SOLDIERS ON ACTIVE SERVICE.

## WAICHOW THE OBJECTIVE.

[BY A CHINESE CORRESPONDENT.]

On the 8th instant about 600 Russian soldiers in full military equipment arrived at Sheklung by the Canton-Kowloon Railway en route to the Eastern front. They had with them many rifles of modern pattern, several siege guns and a few field-guns and machine-guns. They were accompanied by a small engineer party of about 200 men all carrying picks, shovels and other army implements. According to a cadet, it is said that these Russians are new arrivals and that they were under orders from their Commandant to capture Waichow City at all cost. It is stated that as Waichow City is a natural strategic point, and is the bone of contention in the East River sector, General Chiang Kai Shek was obliged to employ these Russians to attack it in order to check the advance of General Chan's troops on Sheklung.

## ANTI-RED MOVEMENTS.

It is reported that preparations by the Anti-Communists for a general military movement have now been completed. General Chan's troops are now concentrating in the vicinity of Waichow City ready for a general attack on Sheklung.

## THE MILITARY SITUATION.

Dealing with the general military situation another Chinese correspondent writes:—There has been a renewal of activity during the last few days at Hingling City in Tang Kiang (East River), where Lin Fu's Kwangsi mercenaries supporting Chan Kwing Ming have been making their headquarters. This may mean the participation by Lin Fu in the coming anti-Red campaign. Lin is a capable militarist.

Red troops have established supply stations at Suntong, Sheklung, and Sheklung along the Canton-Kowloon Railway. It is believed that the Reds will restrict their defence to the districts around Canton and will not try to force an entry into what may now be called enemy territory.

Skirmishes have been reported from Soochuen near Waichow but there has been no important engagement between the Reds and the anti-Reds up to October 10th.

Following the practice of the Bolsheviks in Kwangtung, the anti-Red troops from Swatow, marching west, will also have propaganda squads to preach against Bolshevism in territory formerly occupied by Red officials.

Chan Kwing Ming, Hung Shao Lin, Lin Fu, and other leading anti-Red militaries are still absent from Swatow.

## THE SOUL OF THE CHILD.

## BISHOP'S ADVICE TO SUNDAY SCHOOL TEACHERS.

Some useful advice to Sunday School teachers was given by the Bishop of Victoria (the Right Rev. O. R. Duggan) who conducted a dedication service at St. Andrew's Church, Kowloon, yesterday morning. He was assisted by the Rev. G. R. Lindsay and the Rev. G. E. Arrowsmith.

In the course of his address to the teachers, the Bishop said he would quote Matthew "He called unto him the little children." If he asked the little children who were present at the service their opinion as to who were the most important people, they would say that their elders were undoubtedly more important than they. Only grown-up people, they argued, were made Governors, Kings, etc. To a certain degree they were right, but really they were not right at all. He thought the children were most important, because one could never tell what a little child would become when grown. He instanced the case of Lord Shaftesbury. His nurse did not guess that the child in her arms was to become known to generations to come as the "Blessed One." Christ had changed the whole attitude of the world towards children. Christ told his disciples that they would never enter the Kingdom of Heaven unless they had the childlike spirit. In his opinion the two most important things about a child were trustfulness and hopefulness. The care of the child had always been the special charge of the Church of Christ, and there was a very close connection between religion and education. He instanced the Venerable Bede's boys at Jarrow-on-Tyne, who were taught by the Saint.

In the 19th century, however, attempts were made to separate education from religion. This was especially so in late years. In Soviet Russia no child under 18 was allowed to receive any religious teachings. He thought the Christian Church teachings in schools in England had influenced British civilisation, and world civilisation, too. He believed that a great deal of the unrest at the present time was due to the attempts to separate education from religion. This could never be done.

A Sunday School teachers they would be handling the most delicate thing in the world—the soul of a child. If they were clumsy they would break the flower. Love and sympathy counted more than anything else. If these feelings were combined then good results would come, whether they as teachers remained to see the result of their work or not.

## CHINESE REPUBLIC.

## WEEK-END CELEBRATIONS.

Saturday, known commonly as the "Double Ten" festival—falling as it does on the tenth day of October—was the 14th anniversary of the Chinese Republic.

The observances in Hongkong were carried out on a moderate scale. Some of the business houses and all the department stores closed; while a few of the guilds also observed a holiday. There was a big display of Chinese flags from business establishments.

His Majesty's ships in harbour dressed ship all over from 8 a.m. until sunset and fired a salute of 21 guns at noon, commencing with the second gun of the *Tamar*. Ships in Dockyard hands, dressed ship with masthead flags only.

The salute by the British warships was an act of courtesy much appreciated by the local Chinese community, according to comments heard in the holiday circles.

At 9 o'clock on Saturday morning, deputations from many schools assembled in the playground of the Hongkong Chinese Y.M.C.A. under the leadership of Dr. T. P. Wu, chairman of the Boys' Committee of the Association, to salute the British and the Chinese flags. This ceremony was preceded by a patriotic address delivered by Mr. Wong Tong, a former Commissioner of Finance of the Canton Government. Later in the morning girls from schools in Hongkong met at the Y.M.C.A., when there was a musical programme and a speech by Mr. Szeo Wai, headmaster of the Ling Nam School in Happy Valley. Motor pictures in the auditorium, a bicycle ride around the island of Hongkong, and a motor-car excursion to the New Territory in the afternoon, followed by a banquet and concert in the evening concluded the entertainments provided by the Y.M.C.A. for the occasion. The Y.W.C.A. in Causeway Road celebrated the day with a reception to its new members in the afternoon. This was followed by a patriotic meeting. Mr. Hin Wong of Canton giving the address.

## TUTORIAL INSTITUTE.

An excellent concert in celebration of the anniversary of the Chinese Republic was given at the Queen's Theatre under the auspices of the Tutorial Institute of Hongkong.

The entertainment was arranged by the Principal and staff of the Tutorial Institute, and was mainly given by the students.

The programme was opened with an address, delivered in Chinese, by Mr. Lee Chun Keung, one of the students, who carried out the duties of chairman. He spoke of the object of the concert and referred to the celebration of the anniversary of Republic.

The Chinese National Anthem followed, together with the saluting of the Chinese flag.

The entertainment included flag dancers by small girls of the Young China Girls' School; a comedy sketch and a Chinese three act tragedy play by students of the Institute and a conjuring performance by Chua Yan Wing.

The theatre was packed by a Chinese audience, the majority of whom were young people, and all greatly enjoyed the entertainment.

There was also a reception at the South China Athletic Club.

## WEDDING.

## LEE-WONG.

The wedding took place on Saturday at "Lee Villas," Fanling, of Mr. Lee Hon Cheung, son of the late Mr. Lee Shew, and Miss Stella Wong, daughter of Mr. and Mrs. Wong Wai Kam.

The bride, who was given away by her father was charmingly attired in pink crêpe-de-chine, embroidered and trimmed in orange colour. The bridesmaids wore white dresses. The bridegroom and Miss S. H. Wong (sister of the bride) and Miss Y. C. Cheung (sister of the bridegroom). Their dresses were of creamy crêpe-de-chine trimmed with light blue, and they carried bouquets of pink roses. Mr. Lee Hong was the "best man." After the reception, the bride and bridegroom left for Macao.

## COURT OF ENQUIRY.

## SEQUEL TO COLLISION OFF WAGLAN.

## NO BLAME ATTACHED TO BLUE FUNNEL MASTER OR OFFICERS.

The Marine Court of Enquiry which assembled at the Harbour Office on Friday afternoon to investigate the circumstances of a collision which occurred between the Blue Funnel *s.s. Tathylus* and a junk off Lam Tong, near Waglan Light, on August 23rd, at 3 a.m., was continued on Saturday morning.

The Court comprised: Lieut. Commander G. F. Hole, R.N., Harbour Master (President), Commander C. R. H. Harvey, R.N. (Supt. Chart Dept.), Mr. T. Croft (Master of the *s.s. Nam Sang*), Mr. F. Gill (Master of the *Haifong*) and Mr. Shearer (master of the *Halvard*).

Mr. G. Tinson represented Capt. Lloyd, formerly of the *s.s. Tathylus* and now Master of *s.s. Protailus*, and Mr. C. A. S. Russ appeared for the master and owner of the junk.

At Saturday's hearing, the President indicated that the Court had sufficient evidence on the circumstances and wished to confine itself to the matter of lights.

One of the lost junk's crew maintained that he himself had trimmed the lamp.

Mr. Tinson, cross-examining, submitted that not more than fifty per cent of fishing junks carried lights.

Li So, master of another fishing boat said he was asleep prior to being awakened at the time of the accident. He did not see whether the lost junk had a light at the masthead or not after the accident occurred. His junk had lights.

The steersman of the same junk said both the junk he was on and the lost junk had stern and masthead lights. He heard whistles blown by the steamer after the collision had occurred.

After hearing this evidence, the Court adjourned to consider its finding, the President intimating that they did not wish to hear further evidence.

After a short retirement, the Court returned.

The President announced that the Court found that a collision had occurred between the *s.s. Tathylus* and the lost junk off Waglan about 3 a.m. on August 23rd. The Court further found that that fishing junk, 1605, was not carrying lights and no blame was attached to the master, or any of the officers of the *Tathylus*.

## NEW KOWLOON HOSPITAL.

## ARRANGEMENTS MADE FOR ITS EARLY OPENING.

The new Kowloon Hospital, situated on the new road from Mongkok to Kowloon City, is to be opened in about six weeks time.

Arrangements have been made for the staffing of it, but for the present, owing to the unusual conditions prevailing, only paying patients will be admitted to the hospital. Later it is hoped to provide for non-paying patients.

Although there is only limited accommodation at present, the hospital can be quite easily extended when the necessity arises. There are also sisters' quarters, a matron's flat and a doctor's house, together with other necessary buildings, in addition to the main premises of the institution.

The new hospital has come into being mainly through the efforts of the Kowloon Residents' Association. The original estimate for the cost of the hospital was \$360,000, but owing to very extensive work on the site, this has now been revised to \$604,000. The estimated amount to be spent during this year is put at \$250,000, and the only sums allocated for next year are \$20,000 on account of buildings and furniture, and \$35,000 on continuation of site development.

## The Daily Press.

HONGKONG, OCTOBER 12TH, 1925.

THE REACTION AGAINST  
DOGMA.

During the last few years there has been a notable decrease in the numbers of candidates for Ordination. The Archbishops' Committee have duly considered the problem and some of the conclusions arrived at are of considerable interest to the general public. At a time when the searchlight is being thrown upon missionary and educational work in China it is as well to know just what the Established and other churches in Great Britain stand for. A growing reaction against dogma has been noticeable, and when we read that the Archbishops' Committee recommends that the Thirty-nine Articles should be jettisoned, we begin to realise what a profound change has taken place in that stronghold of conservatism, the Church of England. "It would bring relief if it were decided that the Thirty-nine Articles are no longer a satisfactory statement for the purposes of assent. In our opinion a re-statement of these principles is required." These are not the words of some rather advanced liberal churchman, but the deliberate statement made by the Committee which has probed into the reasons that may account for a shortage of the clergy.

There are many other significant sentences in the report. The payment of the clergy is fully considered, and it is acknowledged that some of the young men, or more often their parents and advisers, dismiss the idea of ordination because they feel that the financial strain of clerical life is overwhelming. The Committee believe, on the other hand, that it is a gain to the Church that it no longer holds out the prospect of a lucrative career. The ordinary citizen who thinks about these problems invariably comes to the conclusion that the clergy should have "a living wage." But at the same time there is a suspicion that the "fat livings" sometimes mentioned may provide assured incomes for men who do not give value for money received. It was only too true of the Victorian era that the curates were badly paid and the prelates overpaid and that system drew into the church the aristocracy and kept out many a genius. The Anglican clergy then taught their parishioners to say "God bless the squire and his relations and keep us in our proper stations." Invariably the clergy were too perfectly well-bred to be inquisitorial or even inquisitive, and they could shut their eyes on proper occasions. The instinct of the Church was hostile to all change. It was not the founder of the modern Universities or technical colleges or free schools. It did not encourage the diffusion of knowledge. It clung fast to the doctrine of the Old Testament, and gave but little thought to the humanising influences of the Founder of Christianity. It believed in a Providence that did not disregard the value of money. A great Anglo-Saxon philosopher pointed out some seventy years ago, that the ritual of the Anglican Church did not offer up a saintly prayer for the Queen's mind. It did not even ask for light or right but said bluntly "grant her in health and wealth long to live." When it was proposed to make it possible for Jews to become naturalised in England, nearly two hundred years ago, there were numbers of petitions against the Bill. That of the City of London was typical. It pointed out that such legislation tended "to the dishonour of the Christian religion, and was extremely injurious to the interests and commerce of the Kingdom in general and of the city of London in particular." There was no GEORGE BERNARD SHAW in those days to ridicule the sentiment. We have indeed advanced in thought since then.

The most significant achievement of the past hundred years has been the gradual humanisation of the doctrines of Christianity. In former centuries it was argued, with much dogmatism, that the divine and human were entirely separated by man's first disobedience. Such speculation is now only of antiquarian interest to most people, who have a faith, not only in the humanity of the Creator of the Universe, but in the divine spark in man. For twenty-five centuries Chinese writers have accepted the idea that the nature of man is fundamentally good, and the doctrine of original sin is at last passing away from modern Anglo-Saxon religious thought. The new age has brought to man new desires, new ideas, new discoveries and a wider outlook. The rush and excitement of modern life puts the old legends of mind. The religious element in society will not fail; it merely changes in its expression. The life of England did not grow out of the Athanasian creed or the Thirty-nine Articles, but out of the deeper instincts of the race. In this age we can each have our own opinion and be free to express it. Narrow-minded zealots are not popular. "No man knows the full extent of the indifference, infidelity, atheism, which has been directly created and promoted by that narrow heartedness of the bigot which makes his very sincerity hateful," wrote Dr. MILLON in a book recently published in connection with the centenary celebrations of the Unitarian denomination. Most of us feel unable to crystallise our ideas on these deeper aspects of life.

We hesitate about definitions; we cannot explain electricity or thought or inspiration. To most of us religion is the doing of good, and, for its sake, the suffering of evil. By some merciful instinct we recognise that the divine spark has existed in all ages, and in more recent times we have witnessed it in the charity of a Florence Nightingale, a Nurse Cavell and of thousands who have no universal fame. We judge, in these critical days, by what a man does, and are not greatly interested in his dogma. It is obvious from the report of the Archbishops' Committee that the Anglican Church is determined to adapt itself to the new ideas. The problem of the reunion of the churches is one that is often discussed. It seems that the differences between the various sects of Christianity are disappearing. If they were to disappear entirely certainly the tasks of the missionaries in China would be simplified.

## CABLES.

LATEST CABLES.  
[THROUGH ROUTER'S AGENCY.]THE LOCARNO CONFERENCE.  
MUCH REMAINS TO BE DONE  
BEFORE CONCLUSION.

Locarno, October 10th.  
Mr. Austen Chamberlain on his return from a pleasure trip to the Lake, in company with Mr. Briand and Herren Stresemann and Luther, said he was quite satisfied with the results of to-day's conversations which had carried the Conference further towards agreement. Much, however, still remained to be done before the Conference concluded.

A communiqué, issued by the Conference to-day, states the delegates gave the second reading to the articles of the Pact on the basis of the amendments submitted by the Jurists. The name of Italy, which did not appear on the draft text drawn up in London, was added to the preamble among the contracting parties. This confirms the declaration already made by the Italian delegates concerning Italy's intention to participate in the Pact as a guarantor on the same conditions as Britain. The examination of the articles resulted in the adoption of a definite text on the majority of points. The remainder are reserved for later discussion.

## GENERAL APPROVAL.

General approval was given to the Pact, with the exception of two disputed points, the precise formulae for which has not yet been found.

Italy, before agreement was reached, announced her decision to sign the Pact. The announcement was dramatic but not surprising as it was foreshadowed from the beginning. Italy's act is of great consequence for the success of the Conference, which has adjourned until Monday.

The two articles of the Pact reserved for further discussion relate to the guarantee for the Eastern arbitration treaties and the entry of Germany to the League. But the fundamental differences have apparently already been adjusted. Efforts are being made to find formulae for safeguarding French rights, while being also acceptable to Germany. The French and German delegates conferred on the matter this afternoon. The representatives of Poland and Czechoslovakia will join the deliberations on Tuesday. It is hoped that the Conference will finish by the end of next week.

## OPTIMISM IN PRESS.

Optimism is expressed in the newspapers, both in Paris and Berlin as regards the outcome of the Locarno discussions. The outstanding difficulty, it is according to how the Locarno Conference can interpret Article XVI of the Covenant of the League; the problem, being how to draft a formula to enable Germany to join the League without jeopardising her treaties with Russia. The French do not favour the German suggestion to amend Article XVI, so as to exempt Germany from its operation until other States have equally disarmed, and thus allay her fear of France crossing Germany to support Poland.

A prominent German at Locarno remarked: "For five years we have been blackballed from the League; now suddenly they are trying to pull us in by the coat-tails."

It is regarded possible that a formula may be found in the adoption of the Canadian resolution, submitted to the Assembly of the League two years ago, declaring that any sanctions are only enforceable when they have been adopted by the parliaments of the countries concerned.

The Conference has generally approved the Security Pact.

## THAT "LAKE CONFAB."

It is reliably reported that the conversation on the Lake trip (mentioned earlier) referred exclusively to the question of the admission of Germany to the League. Apparently a satisfactory formula was found.

## EARLIER CABLES.

## STRESEMANN AND BRIAND.

Locarno, October 9th.  
Herr Stresemann had an hour's conversation with Mr. Briand this morning. The latter subsequently expressed himself as well satisfied and said all the statesmen at the Conference were obviously determined to see the whole problem confronting the Conference from the European standpoint, and anyone at present wishing to unfurl the banners of war in Europe would scatter the seeds of civil war. All parties at the Conference must make concessions in view of this fact.

## SUPPORT FROM ITALY.

Signor Scialoja emphatically declared that Italy completely shared the standpoint of Britain in regard to the Security Pact.

## ATTITUDE OF BRITAIN.

To-day's diplomatic conversations included an interview between Count Skrzynski and Mr. Austen Chamberlain after which both received Press correspondents.

It is stated to be the greatest mistake to suppose that Britain is not interested in Eastern European frontiers. Although it will not assume new obligations and reserves absolute liberty for the future.

Count Skrzynski declared that Poland desired a fair compromise on the basis of existing treaties and the Covenant of the League.

## VIEWS IN GERMANY.

Berlin, October 9th.  
The newspapers do not share the optimism of the foreign Press and consider the Conference has reached a deadlock. They declare that success or failure depends on private conversations between statesmen.

## COMMUNISTS IN FRANCE.

STRIKE IN PROTEST AGAINST  
WAR IN MOROCCO.

PARIS, October 10th.

The Communists long expected 24 hours' strike principally as a protest against the war in Morocco is due to start on Monday, according to an order issued by headquarters late last night.

A second order calls on the Communist members of the Paris transport services to strike to-day and remain out till their wage demands are granted.

The transport strike, called by the Communists, has proved a fiasco. The number of strikers was insignificant and the public was in no wise inconvenienced. The afternoon the Police searched the offices of the Communist organ *L'Humanité* and seized several thousand leaflets, inciting the workers to participate in the projected general strike.

## MURDER OF MATTEOTTI.

ACCUSED MAY BENEFIT UNDER  
RECENT AMNESTY.

ROME, October 10th.

It is understood that the public prosecutor's report for the Assize Court on the murder of Deputy Matteotti last year, recommends that the three accused benefit under the recent amnesty and be acquitted of the charge of kidnapping and complicity in the murder inasmuch as the crime was not premeditated.

The five others, should be indicted for wilful murder without premeditation. The latter will probably plead that they killed Matteotti in self-defence, owing to his furious attacks when endeavouring to escape.

## RIOTS AT FREMANTLE.

VIOLENT SCENES AT ELECTION  
CAMPAIGN.

FREMANTLE, October 10th.

There were violent scenes at the opening of the ministerial election campaign here.

A meeting, addressed by Senator Pearce, was attended by many British seamen. Continual interruptions culminated in one of them throwing an egg at the speaker. The police were summoned and a free fight followed.

A seaman from the liner *Orauen* is alleged to have thrown the egg and was arrested. The police while taking him to jail were attacked. They repelled the rioters with a baton charge.

Fifteen persons are missing and ten are injured.

## COLLAPSE IS EXPECTED.

London, October 9th.  
The National Sailors' and Firemen's Union headquarters report that the strike is expected to collapse in the near future. A definite decision is to be taken at a meeting in London on Sunday.

A similar meeting will be held at Bristol and a ballot will be taken at Southampton while it is believed the strike has collapsed at Liverpool. In consequence of the violent move assumed by the seamen's strike at Fremantle, the Australian Steamship Lines have decided to discontinue the call there until the restoration of normal conditions.

He was made a member of the Privy Council last year. He has travelled widely. In 1911, he married the Hon. Blanche Lascelles, late Maid of Honour to Queen Alexandra.]

## HIGHER CABLE RATES.

PARIS, October 9th.

In spite of the strong and eloquent British opposition the Tariffs Committee overwhelmingly voted a recommendation to be submitted to a plenary meeting of the Conference to increase terminal and transit charges on all telegrams over the world.

It is estimated the increase will average about 20 per cent.

The Committee also unanimously agreed to a recommendation that the Press rate be applicable day and night throughout the 24 hours all over the world.

It is regarded as certain that the plenary meeting will adopt this measure which is an important concession to News Agencies and newspapers, going far to counter-balance the increased charges.

## LOCAL AND GENERAL.

The opening dance of the season at the Craigengower Cricket Club took place on Saturday night. There was a very large gathering of members and friends present and a very enjoyable time was spent by all. The orchestra of the Brunswick Studio supplied the dance music and the attendance was augmented after midnight by a large number of people who came on from the interport bowls dinner.

Miguel R. Cornejo, appointive representative and ex-president of Pasay, who has been sentenced to a prison term of one year and 8 months for assaulting an American resident of Pasay, was removed by Governor-General Wood from his seat in the lower house on October 5th. As a result, there are now two appointive vacancies in that chamber. More than 150 applications have been received for these two positions.

It will be recalled that, during the strike, the exportation of certain specified articles was prohibited except under special licence. The ban has already been lifted in regard to some of these, and now it is notified that further embargoes have been removed. The current *Government Gazette* states that the embargo so far as it relates to rice, flour and tinned or preserved foodstuffs ceased to have effect as from October 8th.

Two lots of Crown land are being sold at the P.W.D. offices on the 28th inst. The first is Shaukiwan Inland Lot 336, comprising 1,240 square feet, the upset price being a dollar a foot. Sales of Crown land in Ngai Ying Chau and various districts in the New Territories are also announced to take place on October 10th and 21st.

Owners of Lots 976, 693, 687, 887, 811, 813, 818, 828, 834 and 862, are notified that under section 4 of the Crown Lands Resumption Ordinance, 1900, Ordinance No. 10 of 1900, H.E. the Governor has been pleased to nominate Lieut.-Col. Frederick Faves, D.S.O., Assistant Land Officer, to be a member of the Board of Arbitrators to determine the amount of compensation to be paid in respect of the resumption of Survey District IV, Lot No. 811. In the event of their failing to nominate a member to represent them on the said Board within seven days from the date of publication of the notice the Chairman of the Board will appoint a person on their behalf.

## THE "SUI YICK."

## DETAINED MEN TO BE RELEASED.

A decision has been reached by the Police, in conjunction with other officials, with regard to the half-dozen or so men who were kept in custody by the authorities after the *Sui Yick* was captured recently. They were detained for special inquiries to be made after the deportation of the others across the border at Shumchuan. These men, who are understood to be officers, have now been informed that they may leave the Colony. They will be sent away within the next few days to places of their own choosing.

CHINA'S NATIONAL DAY.  
IS CELEBRATED BY STUDENTS IN  
LONDON AT BANQUET.

LONDON, October 10th.

The fourteenth anniversary of the establishment of the Chinese Republic was celebrated by the Central Union of Chinese Students by a banquet at the Hotel Cecil.

The Chairman, Dr. R. A. Lee, proposing the Republic of China, voiced regret at the impending departure of Mr. Chao Hsin Chiu (Chargé d'Affaires).

The latter, responding, thought that he had succeeded in arousing British interest in China during his stay in London. He expressed the gratitude of the Chinese to the League of Nations for its sympathy and support.

Mr. H. G. Wells, who spoke, advised the Chinese students to take all they could from our civilisation and warned them against catching "the disease of nationalism, under which Europe is staggering."

The guests included Mr. Bertrand Russell and Mr. Isahara, the Japanese Chargé d'Affaires.

## EXPORT OF RUBBER.

COLOMBO INTERESTS APPROVE  
NEW PROPOSALS.

COLOMBO, October 10th.

A representative meeting of rubber interests approved the despatch from Mr. L. C. M. S. Amery (Secretary of State for Dominion Affairs) containing important proposals. The main ones are: the exportable maximum for the November to January quarter shall be increased by 20 per cent. of the standard production instead of 10 per cent.; restrictions to be held in abeyance after February 2nd.

It is understood that it is proposed that when the London price falls below 1/3 per lb. for the quarter, restrictive measures shall apply to the extent of five or ten per cent. of the standard production. Any decision to discontinue the restriction shall be announced simultaneously in London, Malaya and Ceylon.

## FENG YU HSIANG'S OLIVE BRANCH.

ELOQUENT TELEGRAM TO TUAN CHI JUI EXPRESSING  
EARNEST DESIRE FOR PEACE.

The following messages were sent to his paper, on the dates mentioned, by a correspondent of the *N. C. Daily News*:

PEKING, September 30th.

General Feng Yu Hsiang has recently sent a remarkable telegram to Marshal Tuan Chi Jui, protesting his love of peace, of which the following is a translation:

"In the ten years which have elapsed since the establishment of the Republic, constant warfare in the country has rendered the people and the nation poorer and poorer. Political administration has been deficient, while at the same time, law and regulations have failed to work. Thus the nation faces a most critical era."

"I ALWAYS MOURN."

"Fortunately with the reformation of last year, Your Excellency came out and took up the heavy burden. With Your Excellency at the head, Yu Hsiang foresees dawn stealing through the darkness, and the nation growing peaceful and prosperous."

"Unexpectedly, however, at the beginning of this summer, rumours became prevalent in all parts of the land and the people grew excited and surprised, not knowing what to do. The people who have been used to disturbance and confusion think it unnatural for the country to enjoy peace and order."

"Since I have grown up, I have been in military service but yet I have always thought of gaining peace. With the disasters and distress in the army, this love for peace has become more and more solid and resolute. Whenever I am on the battlefield, I always mourn over the killing of husbands and sons, for this means substantial loss to the country."

"LETTER TO CHANG TSO LIN."

PEKING, October 1st.

The Chinese papers state that Marshal Feng Yu Hsiang recently forwarded to Marshal Chang Tso Lin a letter of which the following is a rough translation:

"Marshal Chang:

"Aide-de-Camp Ma came here with your letter and when I read it I felt that I had your instruction in person. I was very glad to learn from it that you are in good health. There have been many rumours in circulation recently but you, my dear brother, with the welfare of the whole of the people at heart, have the inclination to serve the whole nation, though there is still much that remains for you to do."

"I, your younger brother, have been allotted the task of developing north-western China. My personal aim is to develop all the untivated lands within my jurisdiction and to convert them into prosperous areas within the course of a few years. My earnest desire for peace does not differ from yours and, from now on, we must bind ourselves together to show a regard for peace, which, if necessary, must be preserved by force of arms. In this way we ourselves may adjust the complicated political situation."

"Taking advantage of your messengers' return, I beg to convey the above-mentioned sentiments to you."

The letter is dated September 28th.

October 1st.

Marshal Feng Yu Hsiang has telegraphed to Peking and the provinces, announcing his assumption of the office of Tungan of Kansu on October 1st. It is expected that Marshal Feng will leave for Ning-hsia some time before October 10th.

## FUTURE OF MALAYA.

SPEECH BY GOVERNOR OF STRAITS  
SETTLEMENTS.

GROWING TRIBUTES PAID.

LONDON, October 9th.

Sir Laurence Guillemard, Governor of the Straits Settlements, speaking at a luncheon of the Overseas League, presided over by Sir Ernest Birch, declared the Malayan Government's first problem was to see the individuality of their separate parts scrupulously preserved and there was no question of fusion. Subject to it, the administration would make it as easy as possible for trade and commerce to go their way undisturbed.

He enigmatised the Malays as gentlemen and sportsmen very loyal to the Empire as testified by war time gifts. The British Malays were united in bonds of complete understanding and deep affection.

Referring to the advance of the last half century, he said Malaya had had a most efficient Press, the tone generally being moderate, although there was no fear of the Governor lacking advice and criticism.

He expressed the opinion that in certain respects there was much still to be done in reference to sanitation whilst the housing problem was particularly difficult owing to the partiality of the Malays to live in a crowded condition. The crowded parts of Malaya, especially Singapore, were no credit to the country.

## THE BOXER INDEMNITY.

AGREEMENT FOR SETTLEMENT  
BETWEEN ITALY AND CHINA.

ROME, October 10th.

## RUGBY.

H.K.F.C. v. H.M.S. "AMBROSE."

Teams of the Rugby section of the H.K.F.C. and H.M.S. "Ambrose" met on the Club's ground at Happy Valley on Saturday.

The Club got going at the beginning but they met a stubborn defence. Eventually from a line out Lammert got possession and scored a try; he failed however in his kick at goal.

The Navy then woke up and opened up the play, but taking advantage of a faulty pass, Lammert again got away and running from his own 25 scored another try, but no goal resulted. The sailors then fought hard to lower the lead and eventually Evans scored a try, but no goal resulted. Half-time came with the scores:

H.K.F.C. (2 tries) ..... 8 points.

H.M.S. "Ambrose" (1 try) ..... 3 points.

After the interval the Club attacked vigorously but the Navy put up a clever and efficient defence. Club slightly superior. Just before the conclusion Lammert scored a try, and once again the kick for goal failed.

The final score was:—

H.K.F.C. (3 tries) ..... 9 points.

H.M.S. "Ambrose" (1 try) ..... 3 points.

The teams were:—  
H.K.F.C.—Davis, Burns, Somerville, Lloyd, Lammert, Morrison and Summers; Foster, Moodie, Smith, Curwin, Lee, Groves, Ralston, Foches.  
H.M.S. "Ambrose"—Gambles, Hocking, Conway, Berridge, Honeywell, Cowley and Evans; Stafford, Morrell, Brockington, Pillage, Coutanche, Baldson, Currock, Sharple.

## CENTRAL GOVERNMENT BANK.

## SCHEME OF THE CHINESE CHAMBERS OF COMMERCE.

The *Asiatic News Service* states that according to a report from Mr. Chang Tze Liang, Chairman of the United Chamber of Commerce in Peking, to the Ministry of Agriculture and Commerce, a special conference of all Chinese Chambers of Commerce was to be held on the 10th inst. in the Chinese capital for the discussion of all problems in connection with the forthcoming tariff conference. Mr. Chang said that at the coming special conference, about 1,400 Chinese Chambers of Commerce from all provinces, special administrative areas and cities would be represented. He added that the Chinese merchants are paying serious attention to the forthcoming tariff conference by reason of its bearing on Chinese financial and economic conditions.

Mr. Chang emphasised the importance of Sino-foreign commercial co-operation for the development of Chinese industry and commerce, and announced that the Chinese merchants, at the special conference above mentioned, would put the proposal for the establishment of a Chinese Central Government bank partially for encouraging Sino-foreign commercial co-operation in China and partially for the handling of customs receipts in conjunction with foreign banks.

A telegram conveying the meeting of the Chambers of Commerce declared that Chinese banks have been excluded from participation in the custody of the customs receipts under the excuse that they are not financially sound enough to handle them, and that it was the duty of the Chambers of Commerce to combine their forces for the organization of a strong and stable Central Government bank to share the handling of the maritime customs receipts in conjunction with foreign banks until the termination of the customs loan in 1945.

The capital of the proposed new Central Government Bank of China is \$100,000,000, to be equally subscribed by the Government and the Chinese Chambers of Commerce.

Sundries.—No quotations available, on account of the existing conditions.

Sugar.—Market dull.

Saltpetre.—Stock: 10,500 bags. No notable improvement since last report.
